Summary

Enthusiastic M.Tech (Integrated) CSE student with hands-on experience in full-stack development, AI/ML, IoT systems, and frontend engineering. Skilled in building scalable web applications, implementing deep learning models, and developing real-time monitoring systems. Adept at solving technical challenges, leading small development teams, and contributing to data-driven, user-centric solutions.

Skills

Technical: Python, HTML, CSS, JavaScript, Responsive Design, UI Development

Tools: Git, GitHub, VS Code, Google Collab, Canva, Figma

Databases: MySQL, MongoDB

Education

- **M.Tech CSE (Integrated)** - Sri Sairam Engineering College, Chennai - CGPA: 8.42 2026
- **Higher Secondary Education** - Neelan Matric Hr Sec School, Tiruvarur - 93.53% 2021
- **SSLC** - Neelan Matric Hr Sec School, Tiruvarur - 93.60% 2019

INTERNSHIP

- **Web Development - Teachnook (Online)** Nov 2022 - Dec 2022
 - Built a responsive historical-places website with intuitive UI.
 - Designed and implemented an API-driven weather forecasting interface..
- **Python Development - Spiro Primetech Ltd, Chennai** Jun 2024 - Jul 2024
 - Engineered automated Python workflows for data processing..
- **Full Stack Developer - Virtusa, Chennai** Aug 2025 - Jun 2026
 - VCabs - Developed the frontend for a ride-booking platform with ride-type selection and a smooth booking workflow.
 - Cop Friendly App E-seva - Built a responsive frontend system to detect citizen violations and display corresponding charges.

Projects

- **IoT-Based Forest Fire Detection and Extinguishing System:** Engineered an IoT fire detection system integrating NodeMCU, DHT11, and IR sensors, resulting in a 30% improvement in detection response time.
- **Construction Site Monitoring System using AI and RSSI Localisation:** Developed a PPE detection model using YOLOv5 and implemented RSSI-based tracking that improved location accuracy by 20%.

Awards

- Published a research paper titled “IoT-Based Forest Fire Detection And Extinguishing System” in ICPECTS 2024 (IEEE-indexed).
- Earned Undergraduate Research Award (Top 5% achiever, March 2024).
- Won 1st place at Virtusa 2025 Hackathon.

Extra-Curricular

- Vice Secretary - IEEE SMC Society (2022–2025)
- Technical Lead - Vtools and WordPress (IEEE SMC)
- Provided leadership to a 3 multiple major project implementations.
